

Forecast For East Midlands
Issued by Met Office Exeter
at 1600 on Wednesday 07 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning milder on Thursday.

This Evening and Tonight:
Dry and cold with clear spells this evening leading to a widespread early frost. Turning cloudier later in the night with some patchy rain developing across the Derbyshire hills. Minimum temperature -2 deg C (28 deg F).

Thursday:
Mostly cloudy through the morning with some occasional rain; this mainly over the Derbyshire hills. Rather breezy by the afternoon, but sunny spells developing and feeling milder in many places. Maximum temperature 13 deg C (55 deg F).

Outlook for Friday to Sunday:
Colder, but sunnier conditions developing on Friday and Saturday with some wintry showers. Drier on Sunday though probably cloudier. Breezy around coasts. Widespread overnight frosts likely.
